Roadmaster:

1. Finished filing all road work papers for FEMA. Now we are waiting for Dap 12 forms from PEMA to close out all projects.
2. Next, we will need all of our administration records and then we can file for reimbursement.
3. All trucks are winter ready. We have been blessed with no snow or ice yet, so it has been slow in that department.

4. We did Trent Leamon community service, and it went very well.
5. Should we look at milling and taring some of our roads? If so, we should investigate it now.
6. Dave and Roy have been blowing leaves, filling potholes and cleaning up falling trees and branches.
7. I would like to commend all our workers, but especially Roy. It has been a very long row to hoe with all the flood damage of 2018. . He has been a super trooper through it all. We have had some struggles and discouragements, but after 5 years we can say it is done!!

Lee adjourned the meeting at 7:32 PM.

Respectfully submitted,

Jeanne Sullivan  
Secretary/Treasurer
